Honeywell Kromschröder Connex Light Spring Pin L4 x 40

Brand: Honeywell Kromschröder | Code/Part No.: 74921607 | Category: IGNITION SPARES

Specifications

Component Type	**Connex Light Spring Pin / Slotted Pin**
Part Number	**74921607**
Pin Outer Diameter	**4 mm**
Pin Length	**40 mm**
Compatible Electrode Wire Diameter	**d = 3.5 mm**
Material	**Stainless Steel, Grade 1.4568**
Country of Origin	**Germany**
Application	**Electrical Joint & Dowel Pin Connector — Couples Spark Plugs / Electrode**
Manufacturer	**Honeywell Kromschröder**

Description

The Honeywell Kromschröder Connex Light Spring Pin (L4 x 40, Part No. 74921607) is a slotted spring-steel connector pin used as an electrical joint and dowel-pin coupling for industrial burner ignition circuits, most commonly to join spark plug electrode rods and ignition wires. Manufactured in Germany from Grade 1.4568 stainless steel, the pin has a 4mm outer diameter and 40mm overall length, and is optimised for a 3.5mm (d) electrode wire diameter. A standard Kromschröder ignition-spares component used across burner and boiler ignition assemblies wherever a Connex-type spring-pin joint is required.

Typical media compatibility: CNG, PNG, LPG, Air, Nitrogen — confirm against application before installation.
